“We Need to Talk” The value of mediation in a medical practice

AMA Skills Training is committed to providing professional development opportunities for health care practices and their staff. Such opportunities assist staff to increase their knowledge in a range of areas relevant to the health industry.

This session will provide an overview of the following

- *When might you consider mediation*
- *The value of mediation to resolve workplace conflict*
- *What is the mediation process*

Presented by

Ms Gina Nardone
*Director – People Vision
(Workplace Consultants)*
